

Greetings Creekside families,

We wanted to reach out and thank you for your patience over that last few months with our curbside services. Getting back to normal seems to be on all of our minds but keeping our team and our clients safe and healthy remains our # 1 priority. With the steady rise in positive cases in our community and state we feel it is our responsibility to still limit exposure as much as possible.

After careful consideration, starting Monday, July 6th, our doors will remain locked, however, we will be allowing our medical and our surgical patients to come into and exam room for their appointment. Upon arrival, please call to let us know you are here and what you are driving, then one of our medical team members will escort you into an exam room. We would prefer our clients to wear a mask, but it will not be required, and will only be allowing 2 people in an appointment. If you prefer, you may still request a curbside appointment.

If you have a styling appointment, need to pick up a prescription, or dog food it will remain a curbside service. Please call when you arrive and one of our team members will assist you.

If you are coming for Lodging or daycare the process will remain the same with drop off and picking up at the east side door and ringing the doorbell.

Our team members will still be wearing masks and gloves and exam rooms will be diligently cleaned after every appointment.

Again, thank you for your understanding and patience as we all have navigated these trying times. We will do all we can to keep everyone safe while trying to work back into a little bit of normalcy.

Sincerely,

Creekside Veterinary Clinic.
